Graph (3) shows percentage of service providers in the quarantine centers

Home Quarantine:

The number of home quarantine cases whose contact with the confirmed cases is 178 cases.

Main activities and decisions:

- 1- It was announced that a number of cases infected with (Covid19) virus were discovered from within the community - Al Wusta Governorate - on 24-08-2020. In light of this announcement and based on the requirements of the public interest, the following was decided:
 - Activating the emergency plan for combating the emerging (Covid19) virus pandemic, according to level (D) of the plan, in all health sector facilities, and the decision will start from its date until further notice.
 - Cases that need to be admitted to a hospital and suffer from symptoms of infection with the virus (Covid19). A sample (PCR) of the patient is taken and sent to the central laboratory.
 - Informe to all citizens who have had contact with cases infected with the (Covid19) virus, to send their detailed personal information, to the WhatsApp number of the Rapid Response Service (00970599503103) of the Palestinian Ministry of Health, and until the medical staff continues, self-quarantine is applied at home and not contact with the rest of the family And take all personal hygiene measures
- 2- Issuing a decision to take preventive measures to combat the Corona virus in institutions, public facilities and gathering places.
- 3- El Sadaqa Hospital was designated to receive quarantined cases with pre-existing medical conditions, while the European Hospital was designated as the COVID 19 treating hospital, along with 3 schools adjacent to it.
- 4- Patient files of people quarantined at hospitals are to be clearly labelled with the word Quarantine, to facilitate monitoring by hospital administrators.
- 5- New standard operating procedures (SOP) were issued for dealing with arrivals via the crossings so that the PCR examination is performed for all inmates on the fourth day and 19th day of the date of the quarantine. t
- 6- In the event that tests are not available throughout the quarantine period, the quarantine period will be extended to 28 days.
- 7- The contacts are obligatory for the confirmed cases for a period of 21 days from the date of contact. The PCR examination is performed on the fourth day of contact. The examination is

repeated on the 20th day from the beginning of the quarantine. In the event that the examination is not available, the quarantine continues to 28 days.

- 8- Prior to discharge, quarantined persons are also examined for any respiratory symptoms or fever. In case of detecting any symptoms, the PCR test will be repeated and discharge from quarantine is postponed.
- 9- The quarantine period ends on the morning of day 22. Facilities are then vacated for 24 hours before starting the process of disinfection. Twenty-four hours after completing the process of disinfection, the facilities become ready to receive new cases.
- 10- Public primary healthcare service delivery was limited to some centers distributed across the five governorates, which will be providing essential services only. Provided services include general medicine, chronic medicines dispensing, vaccination, physical therapy, radiology and laboratory for emergency cases, where mammography is limited to diagnostic services and dental care is operating for emergency cases only. Currently 26 out of the 49 Primary Health Centers (PHC) are functioning.
- 11- One school close to the main hospital in each governorate, was also assigned to provide health services for respiratory cases, and as a triage center.
- 12- The MOH suspended work at outpatient clinics, non-emergency surgeries and stopped visits to inpatients in all hospitals.
- 13- Simulation exercises were conducted in all public hospitals to examine the preparedness of emergency departments, intensive care units, and laboratory and diagnostic services to respond to COVID-19.
- 14- The MOH appeals to the United Nations to lift the illegal and inhuman blockade on Gaza Strip and to support the urgent needs of the health system to face the COVID-19, including respiratory and intensive care equipment, medicines, medical consumables, and infection prevention and control supplies.
- 15- The MOH urges citizens of Gaza Strip to adhere to the instructions of infection prevention and control, and physical distancing. Elderly, children, patients with respiratory diseases and people with weak immunity are all urged to avoid public places and crowded gatherings. For related health inquiries, please contact the toll-free number of the Ministry of Health 103.
- 16- District emergency committees were activated across all governorates, in preparedness for Coronavirus 2019 disease.
- 17- Medical points were established at the quarantine centers, and were staffed, in total, with more than 80 medical and administrative personnel. The points were also provided with some needed medicines, and medical supplies.

18- Health education sessions are continuously being conducted to raise the awareness of quarantined persons on COVID-19 and inform them of any requested precautionary measures.
