Project request number (Special for ICD)	132/2021			Date:	22/10/2021		
Project Name	Establishing a Substance Abuse Treatment Center in Gaza Strip				Applicant for the project	Ministry of Health	
Project Duration in months	5 years	Type of project			*	Within the strategic plan	
						Urgent	
Project Field		Construction		Rehabilitation		Machines & Equipment	Therapeutic & Diagnostic Services
		Consumables & Drugs		Training and Scholarship		Operational Expenses	Others (.....)
Implementation Body	General Directorate of Engineering and Maintenance				Partners		
Beneficiaries	Patient with Substance Abuse in Gaza Strip (20,000 patients)				Place of implementation	Ministry of Health	
Estimated Budget (USD)	500,000 \$						
Summary of project (overview of the project idea and requirements)	<p>The idea of project depends on establishing or renting a substance abuse treatment center and furnishing it, training a specialized team on the latest methods of treatment and rehabilitation for addicts, and providing laboratory tests for detection drugs and addictive substances with estimated cost approximately 500,000 dollars for five years. The Department of Mental Health in Gaza faces major challenges in the continuity of providing mental health services to patients due to the lack of suitable and qualified center and shortage in laboratory tests for diagnosis and treatment of addiction cases. as if they were not diagnosed and assessed clinically, they would suffer from relapse, complication and deterioration. So, it is important to establish Substances Abuse Treatment center at Ministry of Health to assess, diagnose and treat the addicts and psychic patient in Gaza Strip.</p>						
Project justifications	<ul style="list-style-type: none"> • The recent and continuous aggression on Gaza Strips increases the psychosocial suffering of Gazans population which may affect and increase the addiction rate. • An increase in the number of patients with substance abuse at the Ministry of Health – Gaza Strip. • The shortage and lack of laboratory tests for detection of drugs and addictive substances in addicts. • Lack of a qualified center or treatment institution to take care for addicts in Gaza Strip. • The Ministry of Health is unable financially to support the psychological health services because of the imposed siege on Gaza strip. 						

<p>Project Objectives</p>	<p><u>The Main Objective:</u></p> <ul style="list-style-type: none"> Improving the quality of mental health care (therapeutic and diagnostic services) provided to addicts in a healthy and safe therapeutic environment at the Ministry of Health, Gaza Strip. <p><u>Specific Objectives:</u></p> <ul style="list-style-type: none"> Increase the incidence of recovery from addiction and follow up of addicts at MOH-Gaza Strip. Reduce the relapse of addicts and psychiatric patient, which has a bad effect on himself and community in Gaza Strip. Building the capacity of psychologists and medical staff to use the standards of assessment and treatment for addiction cases. Rehabilitating and treating addicts in a healthy and safe center or institution in Gaza Strip. 																																																																																																																															
<p>Expected indicators after implementing the project</p>	<ul style="list-style-type: none"> Increase the quality of treatment services to addiction cases at Ministry of Health. Improve the professional level of psychologist and medical staff to diagnosis and follow up of addicts at MOH. Decrease the relapse and complications of addicts & psychiatric patients at MOH facilities. Increase the recovery of addicts in Gaza Strip.
